Summary of reasons for decision:

The publication is a console game comprising three downloadable add-on missions to a previously-classified game. The original classification is "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years", with the descriptive note, "Contains violence, sexual themes and offensive language."

The additional game material is equivalent and in keeping with the original Mafia II game, and does not provide grounds to change the original classification or descriptive note.
